

**CITY OF CHETEK
FIVE YEAR PRIVATE WELL PERMIT**

Property Owner; Phone No.

Address , Chetek, Wisconsin Date of Issue _____

The following conditions must be met for issuance or renewal of a well operation permit:

- (1) The well and pump installation meet or are upgraded to meet the requirements of Ch. NR 812.42. Wis. Adm. Code;
- (2) The well construction and pump installation have a history of producing bacteriologically safe water as evidenced by at least two (2) samplings taken a minimum of one (1) month apart. No exception to this condition may be made for unsafe wells, unless the Department of Natural Resources approves, in writing, the continued use of the well;
- (3) The owner of the well, or the owner's agent, shall notify the Water Department at least forty-eight (48) hours prior to commencement of any samples being taken. The samplings shall be observed by the Chetek Water Utility Department Head or authorized designee.
- (4) There are no cross-connections between the well and pump installation and the municipal water system;
- (5) The proposed use of the well and pump installation can be justified as being necessary in addition to water provided by the municipal water system; and
- (6) Pay a permit application fee of Fifty Dollars (\$50.00).
- (7) Attach a statement or report from a certified well driller or pump installer stating that the well has been inspected and is in compliance with Wis. Adm. Code NR 812.42.

This permit grants operation of a private well for non-potable water at the above address for a period of 5 years after which an application for renewal must be made.

I certify that the above conditions have been met:
